

Sisi Liu is an ESG Integration analyst in the Responsible Investment team within HSBC Asset Management in Hong Kong and has been working in the financial industry since 2014. Within the team, Sisi is responsible for enhancing ESG integration across asset classes in Asia. Prior to joining HSBC in June 2021, Sisi worked as an ESG Specialist for Harvest Global Investments, where she was responsible for ESG integration and research for China and Asia portfolios since 2018. Before that she was a Research Associate in CLSA, covering clean tech companies and ESG thematic research. Her expertise focused on integrating ESG data and insights in investment processes. She holds a BEng in Industrial Engineering and Engineering Management from City University of Hong Kong and MSc in Financial Analysis from the Hong Kong University of Science and Technology. Prior to joining finance industry, she worked in education and NGOs to raise awareness in sustainability.
